WHAT'S GOING ON THIS MONTH

Deterring Unwelcome Guests in your Yard and Protect your Landscape from Winter Damage.

Looking for a product to deter deer from enjoying your client's gardens? Bobbex Deer Repellent is made from meat meal, fish oil, putrescent eggs, garlic and other naturally occurring ingredients to deter deer and is also harmless to our environment. Bobbex can be sprayed on any ornamental or flowering shrub. It is long lasting and nonburning. It is effective against Whitetail, Blacktail, Mule, and Sika Deer, and even Elk and Moose. Bobbex is environmentally compatible and harmless to all wildlife including humans, pets, birds and aquatic life.
